

## CALL FOR DOCTORAL SYMPOSIUM IN ENGINEERING EDUCATION 2021

The 5th **Doctoral Symposium in Engineering Education Research** offers an opportunity for PhD candidates to explore and develop research interests in an interdisciplinary workshop, under the guidance of a number of well-known senior scholars within the Engineering Education Research (EER) field. During the Doctoral Symposium, the participants will share their current dissertation work with others and exchange feedback.

To this event, we now invite doctoral students in *Engineering Education Research*. Ideally the participants have an active PhD research plan, so they can benefit from participating in the workshop.

The aim is to provide an opportunity for doctoral students to:

- meet other students and supervisors to extend their network and view of the EER field,
- present and discuss their own work and the work of others,
- get perspectives from scholars outside their own institution,
- contribute to the conference and the SEFI EER community with other participants, and
- promote collaborative research and elaborate future research directions.

The Doctoral Symposium takes place on Sunday September 12, as an online pre-conference event to the SEFI 2021 Annual Conference organized by TU Berlin, Germany. All participants must also be registered to the main conference. For PhD students accepted to the Doctoral Symposium, the SEFI 2021 conference fee is reduced to €150 (early bird) or €175.

To participate, please submit an extended abstract by May 28. See important dates below.

Doctoral Symposium Deadlines	
28 May 2021	Submission of extended abstract covering the central aspects of the PhD work according to the template ( <a href="#">link</a> ). Send to <a href="mailto:jonte.bernhard@liu.se">jonte.bernhard@liu.se</a>
22 June 2021	Notification of final acceptance
<b>8 July 2021</b>	Early bird registration for the SEFI conference
12 Sept 2021	Doctoral Symposium at SEFI 2021 online

The Doctoral Symposium is organised and chaired by

- Jonte Bernhard, Professor, Linköping University, Former Chair of the *SEFI SIG Engineering Education Research* and Deputy Editor of the *European Journal for Engineering Education*,
- Kristina Edström, Associate Professor, KTH – Royal Institute of Technology, Editor-in-Chief of the *European Journal for Engineering Education*,
- Tinne De Laet, Associate Professor, KU Leuven, Chair of the *SEFI SIG Engineering Education Research*
